READ GOD'S WORD WITH PURPOSE

Join 1,000s of individuals who are reading God's word with purpose.

In 1986, God started me on a journey of reading His word daily. I was committed to reading one chapter a day. This was a huge commitment for me at that time because I was a poor reader and I did not

like to read. Before I started reading each morning I would always ask the Lord to give me insight from the Scripture reading and wisdom in how I could live the insight that I was given. Little did I know how God would use this simple method to transform my life into the likeness of Christ and later impact thousands of people for His kingdom.

Today, *Read God's Word with Purpose* is in churches and ministries across the nation as well as in multiple countries. It is amazing and humbling to hear ministers and individuals share how reading God's word with purpose has impacted their life. Some of these individuals have invited Christ into their life, everyone has experienced a deeper relationship with the Lord and there have been some, like me, who have answered the call into the ministry.

I encourage you as God's child to join thousands who are reading God's word with purpose. I guarantee you will be excited about the transformation that will occur in your life.

God's Blessings,
Chuck Huskins
